## An Apology to F. C. Parker, Jr.:

As a result of a joint meeting of the Citizens' Party and the People's Party Saturday, Nov. 20, we—who represent some of the people—apologize to you, Mr. Parker, for the things we have done without your approval and/or knowledge. We apologize for our POLITICAL INEXPERIENCE. We have never been in politics before.

We apologize: Our polls show that you will win this election by only a 10 to 1 majority. Our poll shows that the people in the City Limits want a change.

We did not know that most of the City Council was originally appointed by Mr. Bowen, and not elected by the people.

We did not know that two members of the Council threatened and promised to resign when you are elected.

We did not know that City vehicles, automobiles, equipment, etc. were serviced by one gasoline supplier who, rather than taking turns (which would be about every seventh turn) took every other turn.

We did not know that fuel oil for burning City trash and for operating City tractors, and that TIRES, BATTERIES, ACCESSORIES, etc. were all purchased from one councilman. American custom dictates equal opportunity for all. After eight years the people want a change, and we have six suitable, non-political personalities for this vacancy.

We did not know that the City buys its fertilizer for its flowers, plants, and parks from only one man. We have six suitable, non-political personalities for this vacancy.

We did not know that Mr. Bowen refused to grant any City Charity.

We did not know that Mr. Bowen charged the local hospital some \$200 per month for City water and City sewage.

We apologize to the school teachers for not working harder, but we did not know that Mr. Bowen fought the school modernization issue of three years ago. Why?

We apologize to the National Guardsmen. We did not know that Mr. Bowen blocked all efforts to build an armory—for EIGHT YEARS. We did not know that now because it is election time, he approves the building and has had three men working on repairs for the past three weeks. We did not know that this was a political issue. Will these men be working there after the election FRIDAY?

We apologize to members of City Council. We did not know that it was possible for fines and monies collected by the City to be lost or unaccounted for.

Again we apologize to you, Mr. Parker. We did not know that the W. A. Bowen Construction Co., Courtland Street, has the final bid on all industrial projects, buildings, repairs, painting, and improvements—and that an architect is not allowed to inspect the work. We thought that all merchants, wholesalers, carpenters, painters, and plumbers all had an equal chance in these money-making projects. Is that the reason for Mr. Bowen's efforts to control the Bulloch County Development Commission?

Ignorant as we were in politics, we should have known that the W. A. Bowen Supply Co. could supply the City with its gas pipes, water pipes, sewer pipes, nails, lumber, paint, and all the profit-making materials that go into the development of industries and sub-divisions. We felt that merchants and people of the community had an equal opportunity to share in these profits.

We, representing some of the people, pledge our members to make a change this Friday, December 2, and ELECT you, MR. F. C. PARKER, JR., OUR MAYOR.

AFTER THE PEOPLE SEE THE FACTS, IT'S POSSIBLE THAT YOU WILL WIN THIS ELECTION BY 20 TO 1

Elect F. C. Parker, Jr. Your Mayor Friday

Paid for by Members of the Citizens and Peoples Party in behalf of the candidacy of F. C. Parker, Jr., for Mayor

STATESBORO, GEORGIA, THURSDAY, DECEMBER 8, 1960

NUMBER 4

"NOT REALLY BAD, NOW WAS IT?" Mrs. Harold Sapp, Public Health nurse, could be saying to Mrs. F. E. Richey, a Statesboro High School teacher, as she received her flu immunization shot at the Mattie Lively School on November 30. Shown in the photo are Miss Velma Kemp of Statesboro High, extreme left, Mrs. Richey, Miss Gladys Dukes (back of Mrs. Richey) Public Health Nurse, Mrs. Sapp and Mrs. Remer Brady Jr., extreme right. The flu immunization is a part of a special program to immunize teachers, bus drivers and members of the Bulloch County Board of Education. It has the approval of the county school board.

## County school bus service to be reduced CSS Womack says

This week H. P. Womack, Bulloch County Superintendent of Schools, and Leefer Akins, director of transportation for the county school system, make a joint statement in which they announce that the county school system will discontinue the operation of twelve school busses for transportation of children to and from school.

The new transportation program will first be put into effect in Statesboro, and after January 1 all children within the city limits of Statesboro will walk to and from school except a small group of high school children who live beyond a mile and one-half from the school.

The complete statement is as follows:

In order for any county in the State of Georgia to participate in the School Building money of Capital Outlay money, it was necessary that each county have a school survey of building needs, curriculum needs and transportation needs.

The Bulloch County Board of Education has complied with all of this. The survey shows that we need a new high school in Statesboro for whites and an elementary school in Statesboro for colored, some minor additions and repairs at Port and also two processing plants, one at Southeast Bulloch, at Oricket and one at Port in Statesboro.

The survey also showed what changes were needed to be made in our School Program as far as the curriculum was concerned. In our transportation survey it was shown that we need to cut off twelve (12) buses in all, nine white and three colored. The white buses recommended to be cut off were one at Statesboro, one at Port, one at Register and one at Nevils. The colored buses recommended to be cut off were one at Statesboro, one at Willow Hill and one at New Hope. This simply means that according to the State all children living within one and one-half (1 1/2) miles of the school house by the way the plane flies must walk; and also those living within a half-mile of the truck line must walk.

In order to comply with the State School Building money, each county must follow the recommendations of the State in this survey.

It is impossible to carry out this program at one time. So, we will begin as of January, when school starts back after Christmas, and work out. This simply means that all children within the city limits of Statesboro will walk to school except a small group of high school children who live beyond the mile and a half. As soon as this has been put into effect in Statesboro, we will then move out in the rural areas.

Due to the fact that the State has drawn the line in saying that all children living within one and one-half miles of the school house and one-half mile of the truck line must walk, then it will be impossible to use school buses owned by the county.

Mr. Tiny Hill, president of the Board of Commerce and Mr. Al Gibson, executive secretary, announced that they had expressed their thanks to the schools, to the parents and to all who had a part in the successful operation of the Santa Claus Special.

## Polling places announced for vote on cotton

With the December 13 referendum on marketing quotas for 1961-crop upland cotton drawing near, the Bulloch County Agricultural Stabilization and Conservation committee today made known final arrangements for the balloting.

There will be polling places in all of the county's 12 cotton-growing communities, the committee announced. Notices showing the date of the referendum and the location of polling places have been posted in conspicuous places in the county.

The ASC committee also announced the names of eligible farmers who will serve on committees responsible for conducting the referendum.

Mr. V. J. Rowe, chairman of the ASC county committee points out that operator, cash tenant, standing rent or fixed rent tenant, landlord of a share tenant, share tenant, or share-cropper engaged in the production of upland cotton in 1960. Further information with respect to eligibility to vote in the referendum may be obtained from the local ASC county office. On the day of the referendum, information on eligibility also may be obtained at the polling places.

Polling places and the committee to serve in the referendum are as follows:

44th District, H. Garland Anderson; 45th District, Iverson Anderson; 46th District, Ernest Bentley; 47th District, Donald Brown; 48th District, Dan Hagan; 49th District, Henry S. Blitch; 50th District, Sam Roach; 51st District, D. L. C. Edwards; 52nd District, F. Knight; 53rd District, Joyce Martin; 54th District, Bennie Deal; 55th District, Floyd Roberts and 56th District, Ray Trappell.

During its business session, the board authorized the Village administrator, the Rev. Harvey Mitchell, and the building committee to proceed with plans for building a third cluster of homes under the conditions set forth by the Georgia Baptist Convention at its recent meeting in Savannah.

Six new trustees were welcomed to the board. They include Tom Gattis and the Rev. Marcus Jowers, both of Waycross, Bob Burgin, Culbert, Duke Blackburn, Newman, Tom Gurley, Thomasville, and Howard Collier, Griffin.

The program will include the following selections: "Glory To God in the Highest," "Pergolesi," "The Christmas Child," "Edwards," "Jesus, My Son," "Caldwell," "The Matchless Morning," "Williams," a solo by Mrs. Hayden Carmichael, "As It Fell Upon A Night," Davis, "O Come, Emmanuel," Christiansen, "How Brightly Shines the Morning Star," Nicolai, and "Silent Night, Holy Night," Gruber.

The public is cordially invited to attend this program.

SHS CHORUS TO GIVE CONCERTS AT SHS ON DECEMBER 13

Mrs. Gilbert Cone announced this week that the Girls' Chorus of the Statesboro High School will present a concert at the annual convention on Tuesday evening, December 13, beginning at 6 o'clock. There is no admission and the public is cordially invited.

More than 2,000 kids and adults ride C of C Santa train

The impact of the Santa Claus Special was illustrated by a statement of a youngster whose parents suggested a trip to larger city. He said, "But Mama Santa Claus is in Statesboro, we brought him to Statesboro on the train!"

This is the third year the Santa Claus Special has been an outstanding feature of the season.

Mr. Tiny Hill, president of the Board of Commerce and Mr. Al Gibson, executive secretary, announced that they had expressed their thanks to the schools, to the parents and to all who had a part in the successful operation of the Santa Claus Special.

## Bill Bowen re-elected mayor; Johnson and Lanier elected Statesboro's new councilmen

W. A. (Bill) Bowen was re-elected mayor of Statesboro in the city election held on December 2. Mr. Bowen received 1,215 of the 2,009 ballots cast. Mr. F. C. Parker Jr. received 772 votes.

In the city council race, Henry C. Lanier received 1,261 votes to W. P. (Tiny) Hill's 731, for the place held by L. M. Foy Sr., who was not a candidate to succeed himself.

J. Brantley Johnson was elected, unopposed, for the council seat held by Rufus Anderson who resigned to become clerk of the Bulloch Superior Court on January 1.

In a statement made after the election Mayor Bowen said: "I realize that I could not have been elected without the support of my friends. To all of them I want to express my deepest appreciation. To those who could not reconcile themselves to voting for me, I hold no ill feeling, acknowledge a person's complete right to vote as he or she pleases. I must say that I am pleased that most people do no concur in the character assassination type of campaigning which crept into the December 2 election. But all that is forgotten and it is my pledge to the citizens of Statesboro to continue giving them the very best of me as their mayor."

Both Mr. Lanier and Mr. Johnson in statements to the Herald expressed their appreciation to the voters who elected them to the places on the city council. Mr. Hill in his statement pledges his support to Mr. Lanier and Mr. Johnson as members of the council and the mayor.

The campaign was one of the most spirited in the history of city politics. Despite a cold day approximately 82 percent of the registered voters cast ballots.

Mr. Al Gibson, executive secretary, added that a placard is being given to every member of the Chamber of Commerce which reads: "Notice to solicitors. We are members of the Statesboro and Bulloch County Chamber of Commerce and will not consider requests for advertisements, contributions, subscriptions or the sale of tickets until the project is presented to the Solicitations Division of the Statesboro and Bulloch County Chamber of Commerce, 31 North Main Street."

Mr. Hill pointed out that this means the Solicitations Division of the chamber will screen every application for card of approval before it will be granted. "We want all the recognized and legitimate agencies, including schools, civic groups, and others who have worthy projects to know that this will not work a hardship or in any way curtail their routine and regular activities in asking the support of the business and professional people of Statesboro."

He added that the new policy is to be a buffer against the fly-by-night operators, the questionable solicitors for funds by Statesboro.

The public is cordially invited to attend this special service.

Wayne Shuman hit on a jump shot from the corner to give Southeast Bulloch a 43-41 triumph over Portal here Tuesday night in a pulsating, triple-overtime contest in Portal.

The points completed a banner night for Shuman who scored 18. Lynn Reddick matched the total to pace Portal and Johnny Morris chipped in with 12.

## C of C policy fixed on solicitations

This week Tiny Hill, president of the Statesboro and Bulloch County Chamber of Commerce, announced that the Chamber is taking steps to protect the business and professional people of Statesboro from the bother which develops from uncontrolled solicitations for money by questionable agencies and individuals.

Mr. Al Gibson, executive secretary, added that a placard is being given to every member of the Chamber of Commerce which reads: "Notice to solicitors. We are members of the Statesboro and Bulloch County Chamber of Commerce and will not consider requests for advertisements, contributions, subscriptions or the sale of tickets until the project is presented to the Solicitations Division of the Statesboro and Bulloch County Chamber of Commerce, 31 North Main Street."

Mr. Hill pointed out that this means the Solicitations Division of the chamber will screen every application for card of approval before it will be granted. High score for the home team was Kay Carter with 11 points. The boys were victorious with a score of 47-31. Johnny Morris led with 15 points while Johnny Vickery followed with 12 points. High score for Collins was Billy Jarred with 10 points.

Friday night, Dec. 2, the girls were defeated by Adair 46-14. Janice Ellis scored 5 points for Portal. The boys came through again with a close 33-31. Johnny Vickery made 14 points, followed by Johnny Morris with 7 points. High score for the Adair team was Tyson Melton with 17 points. The Portal team has a record of 5 wins and 1 defeat.

### TOWN OFFICIALS ELECTED

The town election was held in Portal, Saturday, Dec. 3, to fill three vacancies in the City Council. Elected were Mr. Harry Aycock, Mr. A. L. Deal, and Mr. LaVern Deal.

Mrs. M. L. Taylor was hostess to the Portal Sewing Club Wednesday afternoon, Nov. 30. After sewing for an hour, a delicious salad plate and coffee were served.

Mrs. Albert Howard, Joe, and Ly of Augusta were weekend guests of Mr. and Mrs. J. E. Parrish.

Mrs. Conner Bird has returned from a visit with Mrs. Hugh Bird in Jacksonville, Florida.

Mr. Kenneth Bishop of the University of Georgia visited his parents, Mr. and Mrs. Pam Bishop, over the weekend.

Mr. and Mrs. Pal Williams, Gail, Kyle, and Mrs. Cattie Williams spent the weekend with Mr. and Mrs. Ben Williams in Crescent City, Florida.

Mrs. Mary Turner has returned from a visit with Mrs. Hugh Bird in Jacksonville, Florida.

Mr. and Mrs. H. C. Bland visited Dr. and Mrs. Brown in Baxley Sunday, December 4. Miss Sara Fordham was the weekend guest of Miss Jean Conner of Statesboro.

Average per capita income spent on higher education in Georgia during 1959-60 was \$6.16. For the South this average was \$6.88, and for the Nation it was \$7.88.

Average salary for faculty members in Georgia's University System is also lower than for the rest of the South and considerably lower than for the rest of the Nation.

The average salary for faculty in Georgia's University System is \$5,973; for the South faculty salaries average \$6,100; for the Nation \$6,960.

The University System competes with other institutions throughout the country as well as with industry for faculty members. Today the University System of Georgia is losing this competitive battle for highly trained faculty members.

With the present financial support given higher education in Georgia's University System, how long in the future will this system be able to provide the quality services it has in the past?

I would like to express, in this manner, to the voters of the City of Statesboro my personal gratitude for your loyal support in my behalf in the recent City election.

Sincerely yours,  
HENRY C. LANIER

Although Americans now spend much more for processing and packaging of foods than they did a few years ago, they still have to work fewer hours to get the same amount of food and the added convenience together, says Extension Economist S. J. Brannen.

MISS GLENDA DEAL

### MISS GLENDA DEAL BECOMES BRIDE OF MR. EDWARD M. BRUSSARD

Miss Glenda Deal, daughter of Mr. and Mrs. Solomon Deal of Portal, became the bride of Mr. Edward Malcom Brussard, son of Mr. and Mrs. Edward Valentine Brussard of Boston, Mass. Sunday evening, Dec. 4, at 5:30 in the chapel of the Portal Methodist Church, Miss Verhona Deal, sister of the bride, was maid of honor. Mr. J. B. Munger served as best man. The immediately family and a few close friends attended.

The bride wore a white ballerina length dress with a white lace crown and veil. The maid of honor wore a blue street length dress of lace and chiffon. She carried a bouquet of blue and pink carnations. The bride's mother wore a brown suit with beige accessories.

Average per capita income spent on higher education in Georgia during 1959-60 was \$6.16. For the South this average was \$6.88, and for the Nation it was \$7.88.

Average salary for faculty members in Georgia's University System is also lower than for the rest of the South and considerably lower than for the rest of the Nation.

The average salary for faculty in Georgia's University System is \$5,973; for the South faculty salaries average \$6,100; for the Nation \$6,960.

The University System competes with other institutions throughout the country as well as with industry for faculty members. Today the University System of Georgia is losing this competitive battle for highly trained faculty members.

With the present financial support given higher education in Georgia's University System, how long in the future will this system be able to provide the quality services it has in the past?

I would like to express, in this manner, to the voters of the City of Statesboro my personal gratitude for your loyal support in my behalf in the recent City election.

Sincerely yours,

EASTERN STAR SAYS THANKS TO ALL FOR AID WITH BAZAAR

The Blue Ray Chapters of the Order of Eastern Star, this week express its thanks to all those who assisted in the Bazaar which they sponsored recently. "We thank the newspapers, the radio station, the merchants, the Recreation Department, and all others who were so generous to us," the chapter leaders say.

Research programs by units of the University System vary from the development of an important strain of bermuda grass for livestock feeding to specialized programs in the nation's missile and satellite programs; from important advancement in animal production and disease control to the economical use of radioactive isotopes in industry; and from study of diseases of the heart to the development of a revolutionary ceramic material useful in the entire ceramic industry.

Research in the University System has been largely responsible for Georgia becoming the nation's leading poultry producer as well as one of the South's strongholds of advancement in the fields of electronics and computers.

How long will Georgia's University System be able to serve the people of Georgia as it has in the past? This is the question that the voters of the State of Georgia should ask themselves. Right now financial support given to higher education in Georgia is lower than in most states of the South and Nation.

5th ANNUAL HIGH SCHOOL TOURNAMENT DEC. 27-28-29

Georgia's No. 1 invitational high school basketball tournament—the Georgia Southern College—Statesboro Junior Chamber of Commerce tournament—is scheduled at the W. S. Hanner Building on Dec. 27-28-29.

Tournament chairman Joe Axelson calls the field "The best-balanced group of teams in the five-year history of the event. This tournament annually proves that classes are unnecessary in high school basketball. Last year Class C Portal defeated Richmond Academy in the first round and Class B Southeast Bulloch won the tournament, beating AA Appling County in the finals."

Past winners include: 1956, Southeast Bulloch; 1957, Richmond Academy; 1958 and 1959, Southeast Bulloch.

The tournament pairings with coaches in parenthesis:

Tuesday, Dec. 27  
6 p.m.—Richmond Academy (Norman Griffin) vs. Appling County (Chester Webb)  
7:15 p.m.—Portal (Bill Brown) vs. Toombs Central (LaWayne Anderson)  
8:30 p.m.—Southeast Bulloch (George Roebuck) vs. Bacon County (W. C. Childs)  
9:45 p.m.—Statesboro (Ray Williams) vs. Vidalia (Ralph Parsons)

Wednesday, Dec. 28  
7:30 p.m.—Winners games, one and two  
8:45 p.m.—Winners games, three and four

Thursday, Dec. 29  
7:30 p.m.—Losers games five and six (third place)  
8:45 p.m.—Winners games five and six (championship)

## COLLEGE DOUBLE-HEADERS HERE ON DEC. 19-20

Two interesting nights of basketball are coming-up for fans of this area on December 19-20. The first regular season collegiate basketball double-headers ever played in the state of Georgia will feature the University of Georgia of the Southeastern Conference; East Tennessee State College of the Ohio Valley Conference; The Citadel of the Southern Conference; and independent Georgia Southern College.

The schedule:  
Monday, Dec. 19  
7:30 p.m.—Georgia vs. The Citadel  
9 p.m.—GSC vs. East Tennessee

Tuesday, Dec. 20  
7:30 p.m.—Georgia vs. East Tennessee  
9 p.m.—GSC vs. The Citadel

Tickets for each night of the doubleheader are priced at \$1.50 for adults and \$1.00 for students. Regular season tickets will not apply toward these double-headers because both Georgia and Georgia Southern are hosting the games.

Tickets are now on sale at the box office in the W. S. Hanner Building.

## GSC IN XMAS TOURNEY

Georgia Southern College will participate in the Camp LeJeune Collegiate Basketball Tournament at Camp LeJeune Marine Base, North Carolina on Dec. 28-30.

The first round opponent for GSC will be the University of Baltimore. The other upper bracket pairing matches Elton and Pikeville. In the lower bracket Concord (W. Va.) State will play Carson-Newman and Catawba will oppose Camp LeJeune. Each team will play three games.

PIGGLY WIGGLY'S Christmas tree is something special. Designed by Mrs. Eloise Hunnicutt, who conceived the form while she was recreation director at Fort Gordon in 1950, the tree is a pine which has been stripped of its needles and its limbs covered with cotton for "snow." The tree is fifteen feet tall and was decorated by the employees at Piggly Wiggly. Mr. Charlie Brinson, store manager invites parents to bring their children to the store with their camera and make pictures.

## Although he smokes a pipe he is still a thinking man

By MIDGE LASKY and ROBERTA HALPERN (GSC "George-Alex" Editors)

Although Joe Axelsson, soon to be ex-pub relations director at Georgia Southern College, smokes, he is still a thinking man.

JOE AXELSSON

His recent astonishing announcement that he was leaving GSC to become sports director of radio station WPDQ in Jacksonville, Fla., took quite a few people by surprise. This new position opens a new world of experiences for him and although everyone is sorry to see him leave, they are happy that he has this opportunity for promotion.

**Love of Sports**  
Joe calls his home Aurora, Illinois, and attended Clinton High School. His background in sports began at a very young age. His father, Joseph V. Axelsson, was football and basketball coach for over 32 years and is now retired from coaching. Perhaps Joe's love and interest in all sports could be accredited to his father's early teaching.

Joe's favorite sport is baseball and a special ambition of his has always been to be the "Voice of the Cubs."

At the age of 15 he was the youngest worker on the Illinois Central Railroad where he served as a dispatcher. He enjoyed this work so much that he almost made it his career.

Another long time desire of his has been to write a book about railroads for young people.

**Officer At 19**  
This industrious teenager was also an officer in the army at 19 and went to Officers' Candidate School at Fort Benning, Ga.

Joe attended the Medill School of Journalism at Northwestern University until "Uncle Sam" claimed his services once again.

During his stay at Northwestern University Joe was helping to work his way through college as a waiter in a sorority house.

From December, 1947, to June, 1949, Joe was the officer in charge of the Armed Forces Radio Station in the cold, vast area of Whittier, Alaska.

**Axelsson Meets Seacrest**  
After leaving Alaska, he became coach of the army basketball and baseball teams at Fort

Mon., all types of shows - even the commercials. He's a faithful fan of Jack Paar and likes Alex King and Jonathan Winters immensely.

Joe's many attributes include being tremendously loyal and he keeps close contact with the activities of people that he's known and liked in the past. He's a perfectionist and expects people to do what they promise.

Joe has his own personal vocabulary of sayings that he uses often. Such expressions "I kid you not," "the little round filing cabinet," "the only thing money can buy is groceries," "don't salute, I'll be in the area all day," and "Don't call me coach, call me George," are typical of Joe.

**Active In Clubs**  
Some of the many activities and clubs that Joe is active in include being scorekeeper of the Quarterback Club and newly elected captain which he will be unable to fulfill, a member of the Football Writers Association and of American and United States Basketball Writers Association. He is chairman of the NAA Athletics Public Relations and Statistics Committee and also chairman of the High School Officials Association.

A special thanks goes to Mrs. Joe Axelsson, and David and Mark, Joe's two oldest children, for some of the "inside" information on Joe's life.

As our advisor to the GSC publications, the George Axelsson and Reflector, Joe has certainly made our jobs more interesting and challenging, and we've enjoyed every minute of it.

**Publisher At Furman**  
Before becoming public relations director at GSC, a post which he has held since 1957, Joe was sports columnist at Furman University in Greenville, South Carolina.

Since coming to Statesboro Joe has made himself a true part of the town as well as the college. His wife is heard twice a week on WWSN on his sports shows. He often referees and broadcasts the local games.

Once in a while you can find Joe in the kitchen perfecting his culinary art and he especially likes to cook on the outdoor grill. Joe enjoys all kinds of music, particularly Dixieland.

Alas, as co-hostess, a business meeting was held and Christmas ideas were exchanged. Cut flowers were used as decorating the room. Refreshments of lemon pie, assorted nuts and coffee were served.

**Even Likes Commercials**  
He enjoys watching television.

## How to lose Weight

By DR. JOHN MOONEY

One of the penalties of prosperous living today is the tendency to eat too much. Caught in the modern whirlwind of competition, speed, personal insecurity and international uncertainty, we develop anxiety and tension. To quell these disturbing feelings, we fill our dinner plates with high-calorie

foods like rolls, gravy and potatoes, topping it off with rich desserts, and thus gain an hour or so of the tranquility which some with temporary anemia of the brain brought on by an overloaded stomach. As a result we get fat.

As the pounds pile on, we become concerned about our personal appearance. This causes increased tension which, naturally, improves the appetite. So we gain more weight. The food which was taken to relieve tension is now producing tension. The law of cause and effect is operating in both directions.

Mild panic sets in and with it a sense of urgency that something must be done, but quickly! Reading and hearing about all the dangerous diseases which go along with obesity doesn't help our frame of mind a bit.

Now the obvious thing to do is stop worrying. This is simple and possible. But to most people living without worry is about as easy as trying to put off Monday.

So we mobilize crash programs. We beg the doctor for appetite-reducing pills which themselves may be dangerous because of side effects or habit-forming properties. We starve ourselves into last years' clothes. Then when symptoms of nutritional deficiency appear we stuff ourselves until we are heavier than ever.

We go on low calorie diets, carefully measuring out the food at meal time and forgetting to count the between-meal coffee and cookies and the bedtime snack. We don't lose weight because there are too many bootleg calories.

Using these methods we set a weight loss goal. Weighing at the start we plunge into the program viciously, fighting food every hour of the waking day. Determined to turn the waistline back a decade, we struggle through a couple of weeks, with some extra exercise thrown in for good measure, only to step on the scales and find we have gained a few ounces. We chuck the whole thing.

In order to lose weight several conditions should be met. The loss should not be too rapid. There should be no danger of a nutritional deficiency. The diet should be able to stay on the program without too much effort.

Here is a program which has worked worked well for others:

(1) Weigh daily. Get a pair of bathroom scales and weigh

in the nude every morning immediately after arising. Write this weight down on a record posted near the scales for this purpose.

(2) Eat so that you lose a pound per week. No more. No less.

The next question which comes up is: "What do I eat and what do I leave off?"

The answer is simple. The only thing which makes much difference about food is how it tastes to the person who is eating it. Generally, food can be classified along taste lines into three categories: (a) Mouthwatering, (b) So-so, and (c) Nauseating. The latter category does not enter into a dieting program because nobody eats it.

Now, how did we get fat? By eating a lot of mouthwatering food we liked and passing up the so-so stuff we didn't like. There may be a few items of food which do not fit this classification. But they are the exceptions and do not make a lot of difference over a long period of time.

We just need to reverse this tendency and eat a little less of the things we like a lot and a little more of the things we have been avoiding entirely or, maybe, eating reluctantly because we had a sneaking idea they might be good for us.

That's all there is to it. You may need a couple of weeks to fall into the routine. But it will work. Try it and see. An unexpected reward may be the development of an appreciation of some of the wholesome, vitamin-rich, delicious, non-fattening food you have been skipping.

And another thing ladies. If you start now there will be thirty pounds less to cram into that new bathing suit come next Fourth of July.

Americans have been eating vegetables, not including potatoes, at the rate of about 200 per person each year during the postwar period, according to U. S. Department of Agriculture records.

For best results in freezing lamb, use only high-quality cuts and prepare and freeze as soon as possible after purchase, advises Miss Nellie Thrash, Extension food preservation specialist.

## Basketball at Recreation Center off to fast start

By TOMMY MARTIN

The Recreation Basketball Leagues got off to a good start last week with the Junior League and Senior League playing scheduled games on Thursday and Friday December 1 and 2.

In the Senior League, which is made up of 10th, 11th, and 12th grade boys, played two games on Thursday afternoon. The Cobras defeated the Dynamos 26 to 17 behind the sharp shooting of Jake Rucker and Billy Aldrich. Rucker scored 12 points and Aldrich had 11 points for the winning Cobras team. Frank Parker and Richard Howard were high with four points each for the Dynamos.

In the second game, the Gremlins edged out the Gold Bricks 37 to 35 in a hotly contested game. Robert Tanner led the Gremlins with 15 points. Donald McSmith and Marcus Seligman led the losers with 13 and 12 points respectively.

The Junior League plays on Tuesday and Thursday afternoons. The Junior League plays on Monday and Friday afternoons.

In the Junior League Friday the Red Caps defeated the Cards 30 to 23 behind the shooting of Jackie Smith. Smith collected 17 points for the winners. Jimmy Wiggins was high man for the losers with 14 points. The Pilots defeated the Bull Dogs 31 to 12 in the second game. Kenny Waters tossed in 16 points for the Pilots. Billy Bice was high man for the losers with 9 points.

**MIGHTY MITES**  
The Blues won the Mighty Mite Championship after outplaying a strong red team in a 0-0 ballgame. The Blues were awarded the win on the basis of the most first downs, the most yards gained, and the most penetrations past their opponents 15-yard line.

The game was a strong defensive battle throughout with one team running several plays and then having to punt.

The Blues made the only threat in the game; the first coming in the first half of play when the Blues reached the Red's two yard line on fourth down. The Red line then showed their defensive ability as they held the line and then took over the ball on downs.

The Blues second threat came later in the game with two minutes left on the clock. Greg Sikes set up the play when he intercepted a Red pass and returned it to the eight yard line of the Red. Again the Red held and took over on downs on the one yard line.

The Red's closest penetration was in the opening minutes of the game when they reached the Blues twenty yard line, but the Blues were able to hold.

The Blues had several players who contributed a great deal to their win. On offense Johnny Cobb, Marvin McMullen, and Jack Tillman brought the Blues out of trouble on several occasions. On defense Frankie Pearson, Sammy Johnson, and Chris Roel led the tackling. The Blues were so well hand-capped by the absence of their fullback, Bill Hook and their center, Aaron Johnson.

The Reds were led on offense by Tommy Bailey, Gene Cariker, and Pratt Hill. Roger Webb, Tommy Renfrow, and David Turner led the defensive attack.

The Midget and Mite Basketball Leagues of the Recreation Department got off to a cold start last week with the temperatures dropping way down. Although the first day attend-

# Contract is let to build 301 Welcome Station

Contract for \$46,348.25 has been let to Construction Enterprises, Inc., of Nashville, Tenn., for the construction of Georgia's first Tourist Welcome Station to be located on U. S. Highway 301, near Sylva, Ga. The station, which will be operated by the Georgia Department of Commerce, is expected to be completed and ready for operation by March 1, 1961.

Work will be started by mid-December and will include the construction of a two-story building, including the posting of a performance bond by the contractor. The station, which will be operated by the Georgia Department of Commerce, is expected to be completed and ready for operation by March 1, 1961.

The proposed station, expected to be the forerunner to others to be erected in Georgia in the future, will be located on a four-acre site about 14 miles north of Sylva on U. S. 301 and less than a mile south of the Savannah River line connecting South Carolina. The route is one of Georgia's heaviest traveled tourist thoroughfares and is often referred to as "the short route to Florida."

(An average of 5,227 motor vehicles daily travel over U. S. Highway 301 in 1959, of which 58.7 per cent were out-of-state cars, records show.) The proposed welcome station will be a one-story, rectangular-shaped, 2,200-sq.-foot structure built of concrete and steel. It will have a lounge, information room, products display room, rest room, and a covered picnic area. There also will be a parking area for 40 cars and a service area for ten picnic tables outside.

Primary function of the station, which will be maintained by four employees of the State Department of Commerce, will be to offer every sort of hospitality it can to tourists who stop there. This will include a simple picnic area, a rest room, a lounge, a products display room, and a covered picnic area. There also will be a parking area for 40 cars and a service area for ten picnic tables outside.

In addition to dispensing courtesy and helpfulness, concrete things like Georgia-made products, maps and travel information, gifts, literature on Georgia scenic attractions and the like will be available to the visitors, Hardman said.

# AND FISH

By FULTON LOVELL

**HOW TO BE A SPORTSMAN**  
Consideration for his fellow man has always been characteristic of a true sportsman.

No sportsman would be guilty of mistaking a farmer's cow for a deer, or letting his campfire get out of control and destroy timber on the farmer's property.

Yet there are hunters and fishermen hiding behind the cloak of the true sportsman who are gradually but surely destroying the amicable relationship between the farmer and sportsman.

Many of us remember the time when we could go almost anywhere and hunt or fish as we pleased. Farmers were glad to have us and even recommended the best place to drop a hook or flush a covey of quail.

Not long ago, I read where a South Georgia farmer lost thousands of dollars when some of his cattle strayed into a field that had been poisoned.

Someone had left the gate open. There have been numerous cases where the farmer spent hours rounding up loose livestock because a "sportsman" had been careless.

A fisherman takes his family to a farmer's pond for a day of recreation and a picnic. Then, after their picnic, they rush back to their angling, leaving the grounds littered with paper and trash.

There are more than 40,000 farm ponds scattered throughout the state. Most of the pond owners prefer to have someone fish them, for steady fishing keeps the pond from becoming overpopulated with fish.

Also, most of the pond owners charge one dollar for fishing privileges, which helps pay for fertilizer. But when it becomes necessary for the pond owner to act as a garbage man after the recreationists leave, he feels it is no longer worth while.

There are a few basic rules of common courtesy which, if used, will re-establish the fine relationship we once had with the farmers and landowners.

1. Never hunt or fish on any man's property unless you ask his permission.

2. Be careful not to damage any crops or endanger any livestock.

3. Close all gates so livestock will not escape.

# Region play for SHS has been selected

The Statesboro High School Region play this year will be a cutting from the ever popular "Aren't We Old Lads?" It is a clever comedy, suitable for test use, and permission to perform it in contest has been secured from Dramatists Play Service in New York by Mrs. Bernard Morris, Play Director.

After try-outs on Thursday, December 1st, the following cast and understudies have been named:

Abby Brewster, Mahaley Tankersley (Understudy Sharon Stubbs); Martha Brewster, Cheryl Welch (Understudy Paula Franklin); Mortimer, Bob Scruggs (Understudy Johnny Johnson); Dr. Harper, Johnny Johnson; Elaine, Donna Minkowitz (Understudy Allison Milled); The play will take place in January but will be presented locally for the public.

Don Lanier and Danny Brochard, stage managers and understudies for the production. The prompters are Joan Nesmith and Gale Nesmith.

**2 local soil supervisors attend meeting**  
The Ogeechee River Soil Conservation District was represented at the 17th annual meeting of the Georgia Association of Soil Conservation District Supervisors in Atlanta, December 4-5, by two local supervisors.

They are Paul Nesmith, secretary-treasurer of the Board of Supervisors, and O. E. Gay, Waycross, LaGrange, both are from Bulloch County.

John S. Wilder, President of the Tennessee State Association of Soil Conservation District Supervisors, was the principal speaker at the opening session Monday, Joe K. Hawkins of LaGrange, President of the Georgia group, will preside at the annual dinner.

Also on the program Monday were four panel discussions dealing with watershed, supervision, responsibility in soil and water conservation, financing, and projects and activities for soil conservation districts.

Mr. Nesmith is a member of the Soil Conservation District Supervisors' Responsibilities in Developing and Implementing a Soil Conservation District Program.

Dr. Pierce Harris, pastor, First Methodist Church, Atlanta, was the after dinner speaker at the annual banquet Monday evening, J. Marvin Strickland, Director, Georgia Extension Service, A. Ray Shirley, Director, Georgia Forestry Commission, and Marion Monk of Butcherfield, LaGrange, Ga., were also present.

Highlight of the Tuesday session were talks by C. W. Chapman, State Conservationist, Soil Conservation Service, W. A. Sutton, Director, Georgia Extension Service, A. Ray Shirley, Director, Georgia Forestry Commission, and Marion Monk of Butcherfield, LaGrange, Ga., were also present.

Also on Tuesday, Russell Blanchard, President, Georgia Bankers Association, presented an \$800 college scholarship award to the state winner of an essay contest on soil and water conservation.

A Goodyear award for outstanding district was presented Monday afternoon at a business meeting, at which officers for 1961 will also be elected.

Registration will begin Sunday at 3 p.m., at the Henry Grady Hotel, headquarters for the meeting.

**SOUTHEAST BULLOCH FUTURE HOMEMAKERS**  
The Southeast Bulloch Future Homemakers have chosen, as their school project, to encourage every student at Southeast Bulloch High School to have the skin test for tuberculosis.

This project is in co-operation with the District Health Department and the State Health Department. The project is to eradicate tuberculosis in this area.

Mrs. Jewel Owens is the member of the Bulloch County Health Department who is directing this project.

The members of the PTA of SEB will meet Wednesday afternoon, December 14, at 8 p.m., at the home of Mrs. F. C. Roder and Mrs. H. B. Dollar.

# Georgia Southern receives \$900,000 for two new dormitories for students

Georgia Southern College was authorized to accept a federal loan amounting to \$900,000 by the Board of Regents recently for the construction of two additional residence halls on campus.

The two new dormitories, one for men and one for women, will each have a capacity for 150 students. Upon their completion, Georgia Southern College will have a total capacity of 1,200 students.

The women's residence hall will be built between the Marvin Pittman School and the new women's dormitory now under construction and the men's hall will be located behind Cone Hall on the hill facing the playing field. Each building will be approximately 300 feet long.

The architects should be approved in December and the bidding should be completed by mid-summer. It is hoped that these two new campus additions will be completed in time for use in September of 1963, Dr. Henderson added.

**GSC Gymnastic team faces full schedule**  
Gymnastics, a new sport at Georgia Southern College this year, appears to be heading into the most ambitious schedule that any beginning team could face.

Coached by Pat Yeager, chairman of the United States Olympic Girls' Gymnastic Committee, the 27 boys and girls have been working hard since October 1 in preparation for the season's opening.

Lending this year's edition of the "Georgia Southern" is the National Association of Soil Conservation District Supervisors.

### Let's take a look at registration requirements

Now with the county primary, the state primary and the general election and the city election behind us we would like to have something to say about the individual's vote and his right to vote.

Let us ask these questions. Why must you vote every two years or be purged... even though there may be a span of two years in which there is no election or candidate that appeals to you?

Why must you be a resident of Georgia for six months before you can vote for a president? (In some states the requirements are between forty and sixty days.)

Why must you register in May to vote in November? (In many

states registration doesn't close until October.)

In a growing community like ours many new citizens are moving into Statesboro every month, with the intention of making their home and rearing their children here. Why should they be disfranchised because they happen to move into the community after the registration deadline and long before the election? It's not right.

It should be made as easy as possible for every citizen of our community to vote in every election. We suggest that those who claim to have the interest of the people at heart do some serious thinking on this business of residence requirements and registration deadlines.

### To the winners— Congratulations!

To the winners we say, "Congratulations!" And to the losers, we say, "A race well run."

By a majority of 443 of the more than 2,000 voters who registered their preference W. A. "Bill" Bowen was reelected mayor of the City of Statesboro in the December 2 election. Mr. Bowen received 1,215 votes and Mr. F. C. Parker Jr. received 772.

By a majority of 530 votes Henry C. Lanier was elected member of the city council to succeed Inman Foy Sr. who was not a candidate to succeed himself. Mr. Lanier received 1,261 votes and Mr. Tiny Hill received 731.

J. Brantley Johnson was elected without opposition for the council place held by Rufus Anderson, who becomes the Clerk of Superior Court January 1.

It was a spirited election. It brought out more Statesboro voters to take part in a city election than for any election in the history of the city, 2,009 of the 2,450 registered voters cast their ballots—that's almost eighty-two percent of the voters.

The winners have a recognized and acknowledged responsibility. The losers too have a responsibility—to forget the election and work with the winners to bring Statesboro into the fulfillment of its goals for the future. And knowing the candidates, we feel assured that this they will do.

And there'll always be another election!

### Help make Statesboro a Christmas town

You planned to do a little Christmas decorations about your home and yard. If you have children your plans are a must.

Now comes the Bulloch County Council of Federated Garden Clubs sponsoring an Out-Door Christmas Lighting Contest, which, in addition to the delight it gives the children and the citizens of our community, gives you an incentive to go all out on the outdoor phase of your Christmas lighting program.

The success of the contest depends upon you, you and you. If you have not entered this contest, do so today and help make Statesboro the prettiest Christmas town in this section.

Call Mrs. W. Z. Brown, chairman of the contest and she will fill you in on the requirements.

### Shop in Statesboro This Christmas

Those in our community who read the daily newspapers must have been impressed by the size of the Sunday editions on December 4.

Nearly every page was an advertising pitch for the dollars of every reader in every community in this and every other section of Georgia.

We're not against advertising—quite the contrary—we're all for it. It is our life blood.

But we do suggest that the readers of our newspaper shop the advertisements in it and consider their hometown merchants before they become too enamored with the offerings in the big places.

Keep in mind that the merchants who advertise in our newspaper help maintain the schools to which you send your children.

They help maintain the police department, the sanitation department, the health department, all of which are essential to your health and well being.

And keep in your mind that these same merchants are the ones who in turn help support your business which supports you and your family.

What we're saying is that in a community like ours we are pretty interdependent, one upon the other, from the smallest to the very largest.

And if you haven't been convinced there are those who can provide you with the proper proof—you can buy in Statesboro, for less money, exactly what you drive long distances to buy in the large metropolitan centers.

Dollars spent in Statesboro mean better business for all.

Dollars spent in Statesboro mean better things for all. Let's shop Statesboro this Christmastime!

### Find a substitute for fireworks

Find a substitute for fireworks for your kids this Christmastime. Don't run the risk of spoiling an otherwise wonderful season by subjecting your children to the dangers which accompany the un-supervised shooting off of fireworks.

If you're smart, you can find some way—may take a little doing, but it'll be worth it.

And there'll be no burned hands, no injured eyes, no frightened children this Christmas.

### The Last Minute Rush

By the Rev. L. E. Houston Jr.

COL. SPENCER CHAPMAN, in his book "The Jungle is Neutral," records how while hidden from the Japanese in Malaya during the last war, he attempted to read the New Testament. But, when it came to making a start, he and his companions found they could not do it. They read a thousand pages of the Oxford Dictionary, but not the Bible. Why couldn't they read it?

Better yet, why can't we? Statistics prove that it is still the world's best seller, but who reads it? I well remember the most beautiful Bible I ever saw in my youth. Its owner was the superintendent of our Church School in my home town. The print was inscribed on India paper, and the leather binding was so soft and pliable that you could squeeze it in your fist and it would return to its proper shape. The height of my ambition was to own a Bible like that.

HOW CHILDISH I was, and how immature a host of people are who attach the wrong significance to the binding of the Book, rather than permitting its message to become a lamp unto their feet on the road of life.

Why is it that the Bible is the last book the average intelligent person would dream of opening outside a church service? There are some very obvious reasons. The format of the average Bible is unattractive. Small print, verse divisions, and double columns greatly disturb the average reader. Much of the language of the Bible is unintelligible. In all its beauty, the King James version has questionable merit in a day when its phrases are three hundred years old. We just don't think in those terms!

ANOTHER REASON for our failure to read the Bible lies in our loss of a sense of history. So much has happened to our world in the past fifty years that we tend to question whether the past has anything to say to the present. What happened to obscure tribes in the Middle East three thousand years ago can hardly be expected to be of vital interest to twentieth-century minds schooled in radio, electronics, jet aircraft, travel, and missile production.

Also, we refuse to read the Bible because of an uneasy suspicion that science has exploded the teaching of the Bible. The creation of the world in six days, Noah's ark, serpents that talk, and axe-headed giants float give us much concern in a day of scientific thinking and judgment.

All these problems tend to leave the Bible to reach its appointed amount of dust, and thereby we refuse to let the Book live.

HOW, THEN, CAN WE let the Bible come alive to us? How can it become a lamp unto our feet and a light on our path? We can begin by removing our defensive attitude. We forget that the Bible is not a book of facts and figures, but a book of faith and hope. It is not a book of facts and figures, but a book of faith and hope.

ONE PRACTICAL way in which we can help the Bible to come alive to us is to make ourselves available to its message. We can begin by obtaining a new version of the Bible. We can find: The King James Version for its superb beauty; the Revised Standard Version for its clarity; Moffatt, Goodspeed, Weymouth, and Phillips translations of the New Testament; Phillips translation, in particular, is excellent since its setting is modern English.

I commend to you a leaflet, "A Fresh Approach to Bible Reading" by John C. Trever, which outlines a program of Bible reading in both the Old and New Testaments. These, then, are some practical steps which we can take to make the Living Word of God come to life in us.

On a clear winter's night more than 400 years ago Martin Luther was walking toward his home. As his feet followed familiar paths his eyes gazed upon the radiant beauty of the heavens which were declaring the glories of the Lord. As he looked through the branches of the evergreens he saw far beyond them the hundreds of stars that seemed to be sprinkled on the skies like golden jewels.

Perhaps he recalled the words of an ancient chronicler: "Then shall the trees of the woods sing out at the presence of the Lord" (I Chronicles 16:33).

So enthralled was Luther that he wished somehow to preserve and to share with his loved ones the evening's matchless splendor. If he could only take one of those trees into his home, how greatly would his children rejoice in its beauty! So it was, legend tells us, that Luther took a small tree into his home on Christmas Eve. On its branches he placed lighted candles so that

We are now in that season of the year when a certain group of otherwise sane and normal people, in the change which makes them fit company only among themselves, they are controlled by and dictated to by a lovely and altogether wonderful "master" they call "Camellia."

The Camellia comes in a thousand shapes, forms, colors and controls its subjects in as many different ways. It sneaks up in the shape of a tiny, delicate pink form which its subject knows as Debutante. It overpowers them in the form of the large, flagrant and proud "Dakota" which sits up next to its subjects in the form of the virgin-pure white Alba Plena. Oh, there are thousands of forms in which this master appears before its subjects.

The Camellia excites its subjects by showing up suddenly in their gardens. It keeps them satisfied and happy by growing and thriving through the spring and summer—then plunges them into despair and breaks

their hearts by showing signs of "die-back" or by playing host to millions of tiny scales.

The Camellia gathers its subjects together in assembly at things called "Camellia Shows" at which its power is displayed in a multitude of lovely and delightful forms and varieties. Its subjects "ooh" and "aah" and it rewards them—some of them, its most devoted subjects, that is—with rewards in the nature of ribbons, blue ribbons.

The Camellia is demanding of its subjects. They must work hard and continuously. The Camellia demands attention and frowns upon its subjects when it is neglected.

But we know of no group of subjects who glory in their complete subjection and adoration that those of the Camellia. Pardon us while we go to our "Pink Dawn." The Camellia has given us "the word" and when "the word" is passed we are subject of its snarl to attention and objects of its scorn.

AS WE MOVE INTO the Christmas season there are some things which all of us should try to remember.

We must remember the story of the Christ Child, lasting from the manger in Bethlehem to the great truths and teachings which are bound up in it.

We must remember to try to make this kind of giving a personal thing if you know how and if you have the time. If you can make this kind of thing a personal act, from person to person, then you should give through those who are willing to be of service in this manner.

Christmas is a wonderful season, filled with many opportunities for us to have real and lasting experiences. We can make it a season of too many parties, too much giving, too much shooting, too much travel and just too much if we let ourselves fall into that trap.

Christmas need not be too commercial. It is only so if we allow ourselves to become too involved in that sort of thinking. It is easy for our Christmas cards to become a burden when we try to send cards to everyone in the alphabet. If rather we take time for the first time in twenty days had been allowed to sleep and rest. That is the wonderful experience in the now of Austria and Christ was very much a part of that wonderful day.

Make your Christmas a wonderful experience. You can do so if you will.

DURING the holidays we

to the children (after all critics keep saying that the school aren't teaching anything) when suddenly this little face attracts my attention. Her mother was pressing her to bring home good marks, her teacher was pressing her to learn fractions. The result was that she stayed practically sick due to her frustration.

In its zeal for learning the state is spending thousands of dollars on tests. The teachers spend hours and hours scoring tests when they might have spent these hours preparing for their work. There is a tremendous amount of book work and records for teachers to do these days. This time could be spent studying the children in our rooms. Teachers often work children unknowingly because they are concerned about many things other than the children.

IT'S ALMOST EQUIVALENT to the father who becomes engrossed in making a living for a family that he forgets to live with his family. If children have to live with parents who are like this, this pity the poor things!

Of course, it isn't just the living with pressured people that causes the tensions in children. It's the parents and the teachers requiring more of children than they can give.

IN OUR MODERN age parents and teachers must try to solve the problems that grow out of pressures. So long as the pressures don't cause conflicts they may be good and not bad. But we ought to watch our

## Nevils News

By MRS. JIM ROWE

The Nevils WSCS met in the Annex of the Nevils Methodist Church on Thursday night, Dec. 1.

Mrs. J. M. Lewis, Vice-President, presided in the absence of the president, Mrs. Teell Nesmith. Mrs. Allen Trapnell assisted Mrs. Lewis with a very interesting program. Plans were completed for the holiday activities.

The annual Christmas Program in which all Sunday School Classes will participate, will be presented on Friday night, December 23, at 7:00 o'clock in the Church Annex. This program will begin with Children's program, followed by the celebration of Christ's Birth. The contributions which will be placed in the treasure chest will be used for the building program at the Church, Cake and Coffee, and Fruit Punch and Cookies will be served at social hour.

The Nevils MYF will have a Barbecue Supper at the Nevils Methodist Church on Tuesday night December 20th. Tickets are being sold at \$1.00 each. Tickets may be taken out from 5:00 until 7:00 o'clock, but those eating the meal at the Church will be served from 7:00 until 9:00 o'clock. You are urged to help these young people with their Church activities by buying tickets from them to the supper.

Because of illness of some of the members, and another community activity conflict the Nevils Methodist Youth Fellowship was unable to have the Radio Program "Youth and the Church" on Sunday afternoon, but the program will be heard Sunday afternoon, December 11, at 2:45 o'clock over WYNS. This program will be under the direction of Kay Hendrix, President, and they will present a Christmas program.

## Town and Country Garden Club meets Nov. 16

The Town and Country Garden Club held their regular meeting Wednesday, Nov. 16, at the home of Mrs. Erastus Atkins with Mrs. L. J. Holloway as co-hostess.

Mrs. Paul Nessmith presided at a short business meeting. A committee composed of Mrs. Sam Brannen, chairman, Mrs. Cluise Smith, Mrs. Dan Lingo and Mrs. Paul Nessmith are to make plans for a Christmas party.

Each member brought a variety of Christmas arrangements. Members present were Mrs. Charlie Nessmith, Mrs. Paul Nessmith, Mrs. Homer Cason, Mrs. Dan Lingo, Mrs. Doris Cason, Mrs. Lamar Smith, Mrs. R. L. Lanier, Mrs. W. H. Smith Jr., Mrs. Sam Brannen, Mrs. Cluise Smith, Mrs. Grady Spence, and Mrs. James Whitaker, a visitor.

The hostesses served apple pie topped with ice cream and coffee.

**Nancy Mitchell in Ring-Figure feature**

Mr. and Mrs. L. E. Tyson and their daughter, Mrs. T. L. Lovett, Mr. Lovett and Vicki Mitchell of Wrightsville, left Thursday, Dec. 1, for Waynesboro, Va., to attend the annual formal "Ring-Figure" and dance at Fairfax Hall where Nancy Mitchell is a senior.

Ring-Figure is a traditional dance for seniors. Her grandfather, Mr. Tyson, will present the ring and Vicki will be her sister's flower girl.

Nancy is wearing a regal white satin evening gown brocaded in silver and will carry a bouquet of red roses. Vicki will hold the roses, and Vicki will have a date for the dance and she will wear a lovely pink tulle evening dress.

### Farmers start work with pine crop

**By ROY POWELL**

WALKING IN THE WOODS

On most Georgia farms about half the land is in the woods. Georgia farmers and other landowners sell almost \$150 million worth of wood products each year, and the wood processing and manufacturing plants add many more millions of dollars to Georgia's income.

Bulloch County farmers are now starting the seasonal job of thinning, harvesting, and planting seedlings. Some of this work can be a waste of time if not done properly.

A study made recently by the Georgia Forestry Commission showed that about 30 percent of the pine seedlings planted in 1959 failed to survive the first year. A few simple precautions could help to get more of your young trees to live.

Remember: (1) Don't let seedlings freeze in bundles; (2) Keep the roots straight when planting the seedling in the ground. Probably more seedlings are lost from shallow planting than from any other cause. If a portion of the root system is left above ground, the seedling is sure to die.

**DON'T GUESS ON LIMING SOIL**

Never guess at the amount of lime to be applied to soil, because overliming can be as bad as not liming in many cases, warns P. J. Bergeaux, agronomist for the University of Georgia Agricultural Extension Service. Lime corrects soil acidity, supplies plant nutrients, makes other plant nutrients more available and promotes bacterial activity. The only sure way to get the correct amount of lime is to follow soil test recommendations, he says.

Georgia's corn crop is expected to total 85,500,000 bushels, about four percent more than last year's, according to Georgia Crop Reporting Service statistics.

Two major factors, inadequate fertilization and not enough plants per acre, limit corn production, according to P. J. Bergeaux, Extension agronomist.

ON THE SHOWROOM FLOOR at the Bulloch Tractor Co. is the all new John Deere line of tractors. The new line features the "new generation of power" and according to Mr. Don Thompson and Joe Robert Tillman, the new series has been very favorably accepted by local farmers.

**SOIL CONSERVATION**

By E. T. "RED" MULLIS  
Soil Conservation Service

Some fine soil and water conservation practices have recently been applied on farms of co-operators of the Ogeechee River Soil Conservation District.

Farm ponds have been recently completed by Mr. C. W. Zetterower in the Ogeechee River Community and Mr. Willard Beasley in the Sikehoke Community. Harvey Driggers of Brooklet was the contractor on Mr. Zetterower's pond while W. D. Sands of Daisy was the builder of Mr. Beasley's pond.

Drainage ditches have really come to the forefront recently, with cooperators taking advantage of the dry weather for constructing them. Clisby Denmark, E. W. DeLoach, Jack Ashley and Arthur Nubert, all in the Denmark Community, have installed drainage ditches on their farms with Creasey Brothers doing the work. William Cromley of Brooklet, and Mrs. Ollie Conover, whose farm is in the Register Community, have constructed ditches with Harry McCormick the contractor.

Aubert Brannen of Statesboro, Robert Cox, C. J. Martin, and Mrs. Carrie Griffin Jones of Denmark - Nevils Community.
